Sally Snacks Venison Jerky Dog Treats to launch at SuperZoo 2017

Los Angeles, CA. - **SALLY SNACKS™** will premier its line of premium New Zealand Venison Jerky Dog Treats at SuperZoo 2017. With **only three healthy, all natural ingredients**, Sally Snacks is expanding production and is available for wholesale orders.

BECAUSE YOU CARE (™) More and more dog owners are turning to novel proteins and homeopathic options to deal with dog allergies, skin and other health issues. Sally Snacks jerky treats are made from the highest quality **New Zealand venison, anti-inflammatory organic turmeric** and **organic black pepper** (which increases absorption of the turmeric). There are no GMOs, sugars, colors, fillers, preservatives, or other junk in Sally Snacks. Dog owners can feel great about feeding their BFF (best furry friend) Sally Snacks and have fun watching their dogs go bonkers over what many of our fans are calling “Doggie Crack.”

Sally Snacks™ Venison Jerky Dog Treats will be available for order at SuperZoo 2017 in booth #2526 and after the event at www.sallysnacks.com . Come by for a sample and to place wholesale inquiries!
