

NOW YOUR DOG CAN FLY!

Oxnard, CA – Know how the dog's a full member of your family but you're always last-minute scrambling to pack his gear into, ugh, a paper or plastic bag when it's time go for travel?!

Designspirit USA has solved that problem with its Pets On The Go Collection of travel bags for pets.

In iconic pet shapes, the Classic Bone Brown, the Perfect Paw, and the Bowl Beauty let you pre-pack your four-legged family member's necessities—leash, treats, water, bowl, toys, food, medication, snacks, your keys, your cell phone, etc.

No more last minute chaos as you ready for your dog's flight, drive, overnight, or trip to work, play, park, beach or walk; instead, you're instantly ready to go...like your quadruped!

Pets On The Go pet travel bags are about 20 inches by 15 inches by 4 inches, made of military grade nylon cordura (so, tough, durable, washable, water repellant, and fade resistant—like your dog!), and include a main compartment, several side pockets, and a length-adjustable carrying strap.

Designer Cathryn Chinn, Designspirit USA's Co-CEO, notes that, "It's almost embarrassing. Pets see their mates' parents (uh, owners) with our pet travel bags and ask to be adopted into their families so they can have their own 'pet diaper bag.'"

Now, your dog's got his own travel bag and it's hanging ready, pre-packed...Now your dog can fly!
