J&L Nutritional Consulting and The Backyard announce the debut of K-9 and Feline Balancer at Superzoo in Las Vegas!

PERHAM, Minnesota (June 2016) J & L Nutritional Consulting at The Backyard is proud to announce the release of K-9 Balancer and Feline Balancer. This, once a day nutritional supplement is a powder and a pet food topper that is sprinkled over top of the pet food once a day.

K-9 and Feline is a highly palatable blend of direct fed microbials, probiotics, prebiotics, digestive enzymes, beneficial amino acids, and many other essential ingredients for the use in a pet's everyday life. Just sprinkle over the top of the pet food for better health and happiness. K-9 Balancer and Feline Balancer support nearly all aspect of a pet's health like; the improvement of their skin and coat, healthy muscle and bone development, swollen joint and arthritis pain, maintaining a healthy weight, reducing allergies, and immensely aiding in digestions and gastric issues. It won't be long after you start Feline Balancer or K-9 Balancer and notice the difference in your pet! The result is a happy and healthier pet!

100% Manufactured in the USA. K-9 Balancer and Feline Balancer hydrolizes feed components to a more usable form of nutrients for pets. K-9 Balancer and Feline Balancer contains no artificial flavors or colors, no hidden ingredients, artificial preservatives or fillers or binders. This distinctive combination of enzymes and probiotics provides superior benefits and has been recommended by microbiologists and Veterinarians.

No longer will you need to buy multiple variations of probiotics and vitamins just to keep your pet healthy! K-9 Balancer and Feline Balancer is the nutritional supplement that will deliver all around health to your pets!
