Spring, Texas – Lone Wolf Pet Products, LLC produces durable, high quality leashes and based on their dedication to pets and pet parents are introducing two new leashes to the 2017 product line-up. Since 2009, Lone Wolf has steadily grown as a result of great products and outstanding customer service. Each and every product is handmade at the facility.

John York, CEO of Lone Wolf, felt compelled to develop the two new products – **The SHOCK ABSORBER and Multipurpose Leash**. “Lone Wolf wanted to develop these products to ensure both dog and owner could experience safe, quality time together in a variety of options. These new products allow those options.”

To view the demonstration videos of these two new products just click on the following links:
