One-Of-A-Kind Pet Bed

Parasol Pets® “Little Umbrella Pet Bed” is a unique concept in pet beds. Designed for cats and small dogs. It incorporates a stylish, custom made umbrella boasting a Gerbera Daisy design, suede cloth & foam Luxury Cushion™ all supported by our vine encircled poly base. A cabana for your pet.

Parasol Pets® LLC, is a new start-up company formed in 2015, in Kansas City, Missouri. After nearly 2 years of research & development, the Parasol Pets Pet Bed is now ready for market. Inspired by the habits of our lovely black rescue cat Piper. The design and elements channel the den instincts and behavior of cats and small dogs.

Our company owner and the bed inventor David says that our motto, Artistically Designed with Cleanliness in Mind, is more than a slogan. It is a commitment to the good health of pet owners and their furry friends. Just lint roll and wash.

For further information about our Little Umbrella Pet Bed or how to custom design one with our own design or company logo, visit www.parasolpets.com

Parasol Pets® LLC, chose the highest quality materials for our Little Umbrella Pet Bed. We wanted a bed which will last for years, not months. Our mission is to bring style and comfort to a durable, easy to clean bed. We have made a space where cats and small dogs can curl up and rest feeling secure and comfortable.
