**Greenville, SC (June 2, 2016)** – Paw Paws USA has just released two new collections that will be on display at SuperZoo in Las Vegas August 2-4, 2016. The Americana Park collection celebrates American pride with patriotic stars and stripes patterns. Our Farmers Market collection is inspired by the classic colors of bright summer mornings shopping and socializing at the local farmers market. Visit Booth #12289 to check out the new patterns as well as our complete line of over 65 designs perfect for every season and exclusive to our company.

At Paw Paws USA we design and produce the most artistic, expressive line of nylon ribbon collars, leashes, harnesses, and martingales in the pet industry. All of our products are proudly constructed with USA sourced materials and individually handcrafted in Greenville SC. From design inspiration to the finished product, everyone at Paw Paws takes great pride in creating the attractive and high-quality products you have come to expect. Paw Paws USA was launched in 2006 by Anne Nutter. Inspired by the love for her dog Peanut, she created her own exclusive designs and began sewing collars, leashes, harnesses and dog beds out of her spare bedroom. The company has grown exponentially each year and is now featured in boutique pet and specialty shops across the United States and internationally. Paw Paws USA attributes its continued success to innovative designs, high quality products, and superior customer service.

Paw Paws USA has proven to be a trusted favorite among dog owners, and looks forward to many more years of creating new, fun products for your four-legged customers.
