The AquaTerrium™ by Penn-Plax® - Revolutionizing the Aquarium Hobby With A New Vision

Hauppauge, NY 11788 – After years of research and development, Penn-Plax® is proud to offer the most innovative aquatic ecosystem found on the market today. Each AquaTerrium™ provides a unique habitat that combines two separate and protected living environments in one scientifically designed aquatic world. Each AquaTerrium™ includes a crystal clear glass tank with lid, cascading resin waterfall, water pump and integrated internal filtration system.

Available in 5 different designs, each with their own unique attributes, the AquaTerrium™ line from Penn-Plax® is uniquely suited to the needs of every aquarist. Perfect for fish, crustaceans, live plants and other aquatic wildlife, the limits of the AquaTerrium™ are only defined by the user's imagination. Come experience the AquaTerrium™ at the Penn-Plax® booth (booth #11271) of the SuperZoo Tradeshow August 2<sup>nd</sup>-4<sup>th</sup>, 2016 at the Mandalay Bay Events Center in Las Vegas, NV.
