

Rosie's™ Soft Dog Treats Debuting at SuperZoo 2016!

FOR IMMEDIATE RELEASE

Rosie's™ Dog Company, LLC announces their new Rosie's™ Soft Dog Treats that help homeless dogs find their forever homes.

North Hollywood, California – May 24, 2016

Rosie's™ Dog Company, LLC has created a new line of soft treats that all dogs will love, be it your best buddy or one looking for their forever home.

Helping dogs starts with a quality product. Each treat has thoughtfully sourced ingredients like free range, 100% vegetarian fed chicken, sustainably sourced salmon, chia and flax seeds. They feature novel combinations like Peanut Butter with Banana, Salmon and Ginger, Pumpkin with Cinnamon and Chicken and Rosemary. There's something for everyone with two vegan, hypoallergenic options and two meat based options, all made in the USA. Pet parents love how great each one smells and dogs of all ages and sizes love how great they taste. The only thing better than the way they taste is the good they're doing for dogs nationwide.

Through their Rescue Ally Project, Rosie's™ Dog Company donates 10% of proceeds to four rescues twice a year AND puts their pictures with stories on the product packages. Each bag is a walking advertisement for rescues everywhere.

Making great treats and helping rescues is a big challenge. But as their inspiration, WWII icon Rosie The Riveter, would say, "We Can Do It!" Rosie's™ Dog Company, LLC and their Rescue Allies are winning bite size victories for dogs everywhere one treat at a time.
