

Snappy Snoozers Pet Beds

5/26/16

For Immediate Release

Snappy Snoozers will launch newest inflatable technology at SuperZoo 2016

Snappy Snoozers Pet Beds, from West Palm Beach, Florida will exhibit at SuperZoo 2016 for the very first time. This is very exciting news, as we will launch and demonstrate the newest inflatable pet bed. Snappy Snoozers was designed for many purposes. It is an inflatable mattress made with PVC, what makes this bed so unique, are the snaps along the sides of the mattress. The snaps allow you to easily to attach and detach a quilt on top of the mattress. Snappy Snoozers are considered orthopedic and are designed to evenly distribute the air within the air chambers of the mattress; this purpose alleviates the pressure off the joints in older arthritic pets. This pet bed was designed to make cleaning and sanitizing a breeze, especially for pets that suffer from incontinence issues. This unique pet bed can be used indoors, outdoors, its waterproof and makes a great travel bed, especially, when it's packaging is a travel tote. Snappy Snoozers is the pet's version of a Bed-In-A-Bag. It's an all-in-one and comes with a mattress, two replacement quilts, and an air pump packaged in a lovely travel tote.

Cleaning of pet beds has always been a challenge for pet owners. The lengthy downtime without a pet bed, zippers that break in washing process, cushions that lose shape and size, encasings and sheets that are too small for the cushion after the washing process. Most beds will still smell bad because the cushion can't be washed, only the cover. This is what makes Snappy Snoozers so unique! Have a soiled pet bed? Un-snap the quilt, wipe the mattress down with a sanitizing wipe and attach a clean quilt, it's clean in a snap!

"Exhibiting at the SuperZoo is a dream that is about to come true!" *Roberta MacDowell owner/ creator of Snappy Snoozers Pet Beds*

Do not miss the opportunity to visit us at SuperZoo 2016 our booth is #4267. For additional information about Snappy Snoozers visit www.snappysnoozers.com

About Snappy Snoozers

Snappy Snoozers was created for the busy pet owner that can't afford to waste time while waiting for the soiled dog bed to be washed and dried. Then come to find out that the dog bed has then lost its shape and the cover is too small for the cushion. Our patented design is the newest innovation in dog beds and unlike no other.
