**New Walkin' Lift Combo Harness Compatible with Walkin' Wheels Wheelchair  
Assisting an Aging, Injured, or Disabled Dog Is Now a Lot Easier!**

**Amherst, NH**—Walkin' Pets by HandicappedPets.com has released the Walkin' Lift Combo Harness, *Just Clip & Go*, designed to give optimal lifting support for owners of aging, disabled, or injured dogs. Many pet owners are faced with the backbreaking job of helping their dog up or down stairs, in and out of vehicles, and with daily routines, due to mobility loss associated with aging, injury, or disease. The Walkin' Lift Combo Harness supports *positive* pet aging by providing well designed lifting assistance. The harness can also be easily clipped into the Walkin' Wheels dog wheelchair if additional support is needed, providing a full continuum of care.

Walkin' Pets by HandicappedPets.com is a forerunner in providing pet owners with products that give them alternatives to euthanizing pets that could otherwise enjoy high quality and longer lives with the proper support. The Walkin' Lift Combo Harness was designed with that goal: it provides secure lifting assistance for pet caretakers for the rear and/or front end of the dog, while giving dogs just the right balance of support—keeping pressure off shoulders, collar, and underarms.

HandicappedPets.com owner and founder Mark Robinson says, “Having spent years in the dog wheelchair business, I wanted a product that would give dogs balanced, full body support without creating hotspots or pressure points. The Walkin' Lift Combo Harness is a product that's very comfortable for dogs and works equally well for pet owners.”

The simple clip-on compatibility feature of the Combo Harness with the Walkin' Wheels wheelchair makes transitioning to a wheelchair easy for a dog if extra support is necessary. Strategically designed, adjustable harness handles help protect the pet caretaker's own back from undue stress. The harness may be purchased for just the rear or front end of the dog, or as a combo. For a video demonstration of the harness, as well as pricing and sizing information, visit: <http://www.handicappedpets.com/walkin-lift-combo-harness>. For more information, please call: (888) 253-0777 X 135.
