DOGS LOVE KALE

Booth #22129

New!! Dogs Love Kale-Certified Made in the USA!!

Twiggy's Cupcakes was founded in 2010 by Paula and Dawn based on the need for an all natural gluten free nutritious cupcake.

Their success with Twiggy's cupcakes made Paula and Dawn decide that their babies, KC and Mossimo should have a healthy, all natural, gluten free treat too!

Knowing how much their "**Dogs LOVE Kale**", and how good it is for them, they made kale the main ingredient in "**Dogs LOVE Kale**", a new healthy, all natural, gluten/wheat free treat.

Kale is a super antioxidant that contains essential vitamins including: beta carotene, calcium, vitamin K, vitamin C, and lutein. Kale and Flaxseed aids in making your dog's coat softer and shinier, with healthier skin underneath. Flaxseed also provides fiber in your dog's diet.

There are three flavors and the main ingredients are Rice Flour, Kale, Whole Oats and Flaxseed, adding either all natural peanut butter "Peanutty", pumpkin "Punkin", or unsweetened applesauce "Apple Crisp" to create the various flavors.

Dogs all around the world are crazy about.....Dogs Love Kale !!
