Made of 100% cotton with luxuriously soft velour on one side for the comfort of you and your pet and terry toweling for drying on the other. It is perfect for outdoor fun and picnics or extremely useful in the home to cover and protect your furniture from claw marks, dog hair and doggy smells. It can be used as bedding for your precious pet or for trips in the car. It is large enough for more than one dog or for your dog to stretch out.

Growl Towels vivid towel range combines functionality and beautiful styling, so they make great gifts and are suitable for individual use too. Feature them in your home, or use exclusively for your dog: Loving pet or office mascot.
