

PetPals will launch their newest products at SuperZoo and bring along their best selling products. One of their newest collections to be introduced at SuperZoo is their “Cat-i-tude Collection!” The collection offers an interactive cat tree with a cat face design. There are three items in this collection that feature perches, sisal scratching posts and an interactive racing toy! The three versions are, Twine, Lily Pad, and Rondure. All three PetPals’ items are made with wood with chocolate and ivory fleece covered perches. They include sisal for scratching, with interactive racing toys, as well as teasing toys for extra fun! The trees come in heights of 25”, 30”, and 38” with widths and lengths of 18x18. Their suggested retail prices start at \$79.99 up to \$109.99.

They will show the collection at SuperZoo as well as offer a monthly special for SuperZoo, 10% off all orders placed! The collection has also won the Best Product Award from Pet Business magazine, they look forward to getting feedback from everyone at the show!

PetPals Group Inc. is a modest self-distributing company based out of Los Angeles, California expanding their brand in all aspects of the industry. PetPals offers a balance of quality, design, and functionality along with an understanding that there are plenty of options available but strives to stand out with a commitment to environmentally friendly products.
