**RELEASE SUPERZOO 2018**

## **Lifegard® 45 degree Low Iron Ultra Clear Crystal™ Glass Aquariums**

In pursuit of perfection Lifegard Aquatics® is proud to introduce the 'Crystal™' tank line. It is the latest technology in Ultra Clear 45° Edge Tanks with invisible glue joint. Crystal tanks are rimless and made of ultralow iron 92% clear glass which allows the viewer an undisturbed viewing of their underwater masterpiece.

The extraordinary craftsmanship combined with the 45° ultra high precision cut edge bonded with high quality Clear Silicone glue makes it an exceptionally clear aquarium with none to match in the market. With Crystal aquariums you will enjoy the natural and true colors of your fish and aquascape.

Lifegard Aquatics offers Crystal™ tanks in three models and several sizes nested one inside the other for ease of shipping and storage.
