For all Classes: Ring opens at least 15 minutes prior to prejudge, contestants must be present for prejudging or they will not be permitted to compete. Check show schedule for times.

Coat Growth: Six weeks or more coat growth is recommended; however, as some dogs grow coat more quickly than others, adequate coat growth is defined as enough coat to make a distinct change in the dog's appearance. Rolled or rotated coats are permitted in the hand stripped breeds, but must be adequate to make a distinct change in the dog's appearance.

Contest Dog Preparation: Prior to competition start, the dog should be clean, dry and free of mats. Nails should be clipped and/or filed and ears clean. Sanitary area and foot pads may be trimmed. Coloring, other than to enhance the natural color of the coat is prohibited, only non-toxic color and products may be used.

Products and Product Application: Chalk may be applied prior to or during the completion time period to aid in hand stripping or enhance coat color. It should be used sparingly and should not rub off on the judge's hands. It is prohibited to apply after time is called. Hair sprays, finishing sprays and gels may be applied during the competition time period. Once time is called, sprays are limited to minor application. Re-shaping, such as the marcelled Kerry Blue coat or spray-up of the show Poodle headpiece is prohibited.

Decorative Objects and Wigs: Hair extensions of the same coat color of the dog may be applied before the time period of the competition. Decorative objects such as bows and scarves are prohibited.

Contest Dog Qualifications: The competition dog must be: Current on vaccinations as required by law, age appropriate for competition, (recommendation is between the ages of 1 and 10 years), appear healthy, free of disease, open wounds, injuries and parasites, must not show obvious signs of pregnancy or nursing, must not show signs of aggression or viciousness, must be leashed when not crated or not being groomed, must never be left unattended.

Judge will make notation of specific information supplied by the contestant such as missing coat, scars, warts, healing injuries, etc.

Contest End: Contestants should clear table of hair, tools and equipment and place a comb on the table and then stack and present their dog to the judge.

Final Judging: judge will evaluate the following: Balance, symmetry, uniformity and style of the trim. Purebred dogs must adhere to breed profile and standard. For scissored dogs, the plush overall appearance is to be without scissor marks, unevenness or unintended protruding coat. For Hand stripped and/or carded dogs, the proper technique is to achieve a smooth and natural appearance. Clipper work should be smooth and free of irritation. Edges such as the feet of the Cocker or Poodle should show tidy bevels. Judging applies to the difficulty with regard to the amount of coat removed, whether a pattern is created or followed, difficulty of the coat type, texture, quality and quantity, as well as the difficulty with regard to correcting conformation faults and accentuating profile attributes.

Competitor Protocol: Appropriate grooming attire and shoes should be worn at all times, (low cut shirts or pants, tight shorts or very short skirts and flip flops are considered inappropriate).
