PÖÖCHABLES™
TO GO

PORTABLE PET FOOD & WATER TRAVEL SYSTEM

(Los Angeles, CA) – The Pooch Company announces the release of their flagship product Poochables® To Go, a unique 2-in-1 pet food and water travel system, which includes a built-in water bottle, water dish, and detachable food bowl. Featuring a modern, contoured look and compact, lightweight design, Poochables® To Go revolutionizes pet travel, making it easier and more fun than ever. The new travel system will be making its debut at SuperZoo **booth #2552**, June 26-28 at the Mandalay Bay Convention Center in Las Vegas, NV.

Poochables® To Go is the first of its kind to offer a water bottle with two built-in bowls in a single lightweight reusable container with a convenient carrying handle ideal for road trips, hikes, long walks, camping, and dog parks. “The goal behind the Poochables® To Go design was to provide the ultimate solution to transporting pet food, treats, and water”, said founder and CEO, Gina Brucato. “By providing three compartments in one,

it alleviates the need for extra bowls or water sources, making it the go-to product for pet travel.”

The Poochables® To Go pet travel system offers the following features:

- 2-in-1 system with built-in water bottle, water dish, and food bowl
- Hands-free design that provides a stable surface and prevents tipping
- Carrying handle for easy grip and transport
- Durable and flexible BPA-free plastic
- Compact design transports and stores easily
- Detachable food bowl with single click locking system
- Removable washer in nozzle area prevents leaks and allows for proper cleaning
- Leak-proof water bottle valve design shuts off automatically when in the closed position
