

**PUNK N PYE'S Best Friends Treats**  
**NATIONWIDE PRODUCT LAUNCH at SuperZoo 2018!**

**Los Angeles, California**-based PUNK N PYE'S Best Friends Treats will have their official nationwide launch in Las Vegas at SuperZoo from June 26-28, 2018, at the Mandalay Bay Convention Center. Stop by booth **2746** to get your free sample.

With a background in health and fitness, pet owners Kim and Mike Hamilton started PUNK N PYE'S (named after their two family dogs Punk and Pye) in 2014 from their home kitchen. They had a simple idea: to create positive outcomes from health food for animals in the form of tasty treats!

Each PUNK AND PYE'S flavor is like a healthy mini-meal that you would cook for yourself but designed as a yummy snack for your pup...dogs think they are eating your food!

Mini-meals include:

- \***Baked chicken breast, steamed organic broccoli and organic brown rice**
- \***Baked salmon filet, steamed organic carrots and garbanzo beans**
- \***Organic apple and sweet potato oatmeal cookies**
- \***Organic pumpkin and peanut butter pie**
- \***Real bacon and eggs, oatmeal with organic blueberries and cottage cheese-our body-builder breakfast**

**These cookies are so delicious that you'll want to try them for yourself. After all, they are human-grade!**

PUNK N PYE'S all-natural gourmet dog cookies have a unique shape that is specially designed to break into five smaller pieces, so each cookie is five treats in one!

Proudly made and sourced in the USA, PUNK N PYE'S Best Friends Treats are handmade with LOVE and made from scratch in small batches. PUNK N PYE'S takes pride in their gourmet dog cookies! They use only the finest, all-natural, organic, and human-grade ingredients.

“Our goal is to get dogs’ tongues and tails waggin’ by creating healthy, yummy dog cookies that your furry family member will love!” says Kim Hamilton, creator of PUNK N PYE'S. “We make our cookies so that you can eat with your dog if they were allowed at the table!”

PUNK N PYE'S Best Friends Treats is excited to be partnering with Newco Distributors for West Coast distribution and has chosen SuperZoo to reach independent pet retailers nationwide who specialize in healthy and natural pet products.
