## Do Only Good Certified Pet Nutrition (D.O.G.) Unveils Line of Pumpkin Products Aiding the Digestive Health for both Dogs and Cats

***A family of holistic Pumpkin products  
for the discerning pet parent***

**WESTLAKE VILLAGE**, California, August 1, 2019: Do Only Good Certified Pet Nutrition (D.O.G.) (<https://www.dogcertified.com>) manufacturers of ultra-premium dog food announced today the creation of a new line of pumpkin products to aid the digestive health of both dogs and cats.

“Our company is devoted to offering the best in nature formulated with the best of science.” said Rick Pack, founder of D.O.G. “These unique products represent this philosophy by providing the natural digestive health benefits of pumpkin coupled with distinctive ingredients such as pomegranates, green tea, turmeric, and green-lipped mussels. Our recipes offer a holistic approach to the overall wellness of pets.”

This family of pumpkin products is formulated by Dr. Randall Johnson, one of the foremost pet nutritionists in the United States. “These formulas go beyond benefits of microflora and healthy stool formation” states Dr. Johnson, “they also aid the immune system, brain function, and the promotion of healthy cells.” This line of three products includes Pumpkin with Electrolytes, Pumpkin with Antioxidants, and Pumpkin with Omega Fatty Acids.

D.O.G. will be taking orders at Super Zoo for the Pumpkin with Electrolytes, and preorders for both the Pumpkin with Antioxidants and Omega Fatty Acids products. Visit them at Super Zoo, Booth #1864.

With non-GMO, U.S. farm-grown pumpkin, BPA-free packaging and 100% responsibly sourced ingredients, D.O.G.’s mission is to Do Only Good for the health of pets and the planet. To learn more about their products, visit [www.dogcertified.com](http://www.dogcertified.com)
